

Insuring your clients' European properties

Following considerable changes to the regulatory framework of the United Kingdom's insurance industry, Chubb is only able to issue policies covering European domiciled assets via an authorised and regulated UK broker.

Chubb has appointed Quantum for the management of policies for overseas clients.

Who is Quantum?

Quantum is a niche broker that has grown over the last few years to become Chubb's largest privately owned Masterpiece broker in the UK. They only deal with High Net Worth business and combine the Masterpiece product with excellent customer service.

Why should you use Quantum?

Because Quantum only manages High Net Worth business they understand the lifestyle and needs of VIP clients.

In addition to arranging and managing the insurance solution they will also act as a local liaison in the event of claims.

Quantum has built up a network of professional companies with whom they can co-ordinate a broad range of ancillary services such as risk management, security improvement or appraisal and valuation work.
